

## **SAFETY CONSIDERATIONS**

1. Riders cannot exceed maximum weight, height and number of riders specified on safety plaque
2. No sharp objects allowed inside inflatable
3. Riders should be the approximate same age and physical size
4. Riders shouldn't play around entrance or exit from the inflatable
5. Perform safety checks routinely

## **EMERGENCY PROCEDURES**

1. If inflatable begins to deflate or collapse, Remain Calm and direct everyone to exit inflatable immediately
2. If someone is trapped inside the inflatable, calmly re-inflate the inflatable and remove person from inflatable
3. Be prepared to call 911

## **LESSONS LEARNED**

Most accidents are attributed to one of the following reasons:

1. Lack of trained personnel
2. Overloading
3. Not tethered properly
4. Sudden deflation
5. High winds
6. Sharp objects
7. Oversized riders inside inflatable with undersized riders

**LAFD'S GOAL IS TO SAFEGUARD THE PUBLIC FROM PANIC,  
FIRE, EXPLOSION OR ANY HAZARDOUS SITUATION.**
